Welcome to the release number 20 of **Cicuta Netlabel**. The association of individuals to achieve a goal is not a feature unique to humans, there are many creatures in nature that cooperate to survive. The association that we can see in this EP breaks with this statement. Five minds have cooperated on this EP, led by **Isolate** and **Spigl**, to complete a mission, to reach our brain and to move our legs.

We begin the review of the *remixers* with Czech *Tomas Hartl*, better known as **Elektrabel**, who already had the pleasure to have with us in reference 018.

Another old friend returning to our catalog is the Sevillian *Rafa Fijo*, **RFS**, which brings us more introspective vision of the track "*Mode Three*".

The next artist makes his first appearance in Cicuta. **Severin Kwazniak** from Poland, who before arriving at our label has released his music on labels as interesting as *Dynamic Reflection*.

Complete the *remixers* poker Japanese *Kuniaki Takenaga*, under his aka **Revolver Voltex**, with whom he has started a new career, oriented to lower bpm.

To close the EP we have an original track by **Isolate & Spigl**, "Mode Two", full of shapes and air to Detroit.

Relax, listen and enjoy. Welcome, this is **Cicuta Netlabel**.
