Welcome to the release number 29 of **Cicuta Netlabel**. There are images that speak for themselves. The cover of this month is one of them. So sit down and enjoy the movie.

We started our trip in France, to present **Antony Dupont**, manager of *Bass Pressure Records*, which releases have been very important support of people like *Dave Clarke* or *Laurent Garnier*.

We jumped across the planet, to Japan, to find **Yuuki Sakai**, a Japanese guy who is calling at the gates of major labels. With his dark and heavy style has managed to publish in important labels such as *Warm Up*, *Subsist*, *Sonntag Morgen* or *Kidnapping Netlabel*.

We return to Europe in the hands of German **Komabase**, which already had the pleasure of publishing last year. It brings a very special track which has been played by *Dave Clarke* on his radio show *White Noise*.

We return to travel to France to present to **14Anger**, an artist that we haven't much more information than his own music. We don't need it, talent speaks for itself...

For the next artist, we travel to the other side of the Atlantic Ocean. There we will find in Argentina to Lukas Seidel, known as **6\_DEL**. We don't know so much about him, only a release in the netlabel *Betanol Records*. We will have to track him very closely...

Finally, we present an own track, somewhat slower and deeper than usual.

Relax, listen and enjoy. Welcome, this is **Cicuta Netlabel**.
